swimming pool cleaners

BWT Presents the New F1RXT Swimming Pool Cleaner

Experience the power of BWT engineering with the new F1RXT pool cleaning robot designed with **patented** cutting-edge technology.

Concentrated technology with low energy consumption

The F1RXT pool cleaning robot cleans the bottom, walls and waterline of any pool up to 15m long. Its smart navigation system, integrated gyroscope and our most precise double filtration system assure a sparkling clean swimming pool.

Our Most Powerful Suction

The new F1RXT swimming pool cleaner boasts superior suction power. Equipped with **our most advanced vacuum technology capable of vacuuming up to 5,300 GPH (20 m³/h)**, it effortlessly lifts and captures debris of all sizes.

Our Most Precise Filtration: HyperFine 4D

The advanced dual HyperFine 4D filtration system is designed to handle a wide range of debris. It captures particles **as large as 180 microns**, such as leaves and sand, but also superfine contaminants **as small as 1 micron**.

Removable filters make cleaning them a breeze! Simply lift them out of the robot and rinse off.

Increased Agility = More Efficient Cleaning

Designed with remarkable agility, it can turn on itself like a black cab. This precise manoeuvrability avoids scattering debris, enabling the robot to effectively capture everything in its path!

Patented Anti-Entanglement System: Smart Cable Control Innovation

The F1RXT pool cleaning robot is equipped with BWT's revolutionary **Smart Cable Control** technology (SCC).

This advanced system, combined with the precision of our **Gen Core 7** navigation system, optimises the robot's movements in your pool, ensuring a flawless clean every time.

PRODUCT ADVANTAGES QUICK VIEW

- Unrivalled suction power
- Ultrafine 4D filtration that captures the finest particles
- Premium app with remote control
- LED
- Clear filters, full filter indicator
- PVA brushes
- Transport caddy
- GEN CORE 7 navigation system

Included equipment :

- » 2 filters:
 - High Tech filter
 - HyperFine 4D filter
- » Caddy
- » 4 PVA brushes
